

# EVEN IN THE HEAVENS: WAR IS HELL.

Warfare today, such as the U.S. occupation of Afghanistan and attacks on Pakistan, uses Unmanned Aerial Vehicles (UAVs) and GPS-guided bombs. Directed by space satellites, and remotely controlled far from the battlefield, these weapons are responsible for massive civilian casualties. Testing and training for killer drones is now happening in Sweden, Finland, U.S., Wales, China, Russia and India. The U.S. and Israel are now using drones in Iraq, Afghanistan, Pakistan, Libya, Yemen, Gaza and Somalia.

International Week of Protest to  
Stop the Militarization of Space

**OCTOBER 1-8  
2011**

**Global Network Against Weapons & Nuclear Power in Space**
